EXPECTED NUMBER OF APPLICANTS IN THE FIRST YEAR: MASTER 'S DEGREE STUDY PROGRAMMES		
STUDY PROGRAMME/FIELD OF STUDY	PLANNED CAPACITY	
	FULL TIME	PART TIME
Security and Protection of Critical Infrastructure / Civil Security	20	15
Crisis Management / Civil Security	30	15
Rescue Services / Rescue Services	60	15
Security Management / Protection of Persons and Property	90	-
Total number	200	45

TERMS AND CONDITIONS OF ADMISSION

1. **The fundamental prerequisite of** admission for the graduate study program (second degree) is full completion of the first degree of the university study (Higher Education Act, n. 131/2002 Coll.).
2. **Language competence** – written and oral command of Slovak or Czech. Studying at the faculty, including the opportunity of spending a part of your study abroad, calls for a need of mastering at least one of the world languages minimally in the scope of the high school curriculum (English, German, Spanish, French, Russian).
3. **Health certificate** – the faculty does not require any health certificates and accepts all the applications without it.
4. The faculty retains the right not to open the study program when the number of applicants is less than 10.

FORMS OF ADMISSION

1. No entrance exams (written tests), the Faculty will accept the applicants who:

- have successfully completed their study at the bachelor degree in the same study programme and whose overall weighted average mark is of 2.5 or less and at the same time successfully passed their final state examination on the first attempt.

2. Entrance exams

- all the other applicants who do not meet the conditions for being accepted without entrance exams will have to attend the selection procedure (written tests).

Rules of Selection Procedure

Undergraduates of the same or related fields of study may apply for the graduate study programmes. Based on the decision of the guarantor of the particular field of study, application may be rejected in case the applicant's undergraduate study does not meet the requirements for the profile of the undergraduate study programme.

Applicants will be accepted on the basis of planned capacity of individual study programmes and the applicant evaluation. The main criterion is the results achieved in the undergraduate studies.

Applicants who have completed their undergraduate studies in related fields may be accepted only on the basis of the results of the written test in profile subjects according to the chosen field of study. Syllabuses of profile subjects are published on the website of the faculty.

The final decision about the results of entrance exams is made by the dean of FBI UNIZA based on the recommendations of the selection committee of the faculty.

In chosen master's degree study programmes, in case of vacant places, there is a possibility of organizing a second round of entrance exams. The list of master's degree study programmes for the second round of entrance exams, deadline for applying and the date of entrance exams will be announced by July, 10, 2017.

The terms of acceptance and the form of acceptance for the master's degree study programmes are the same as in the first round.

ADMISSION OF FOREIGN STUDENTS

The same terms and conditions of admission are applicable as for the applicants from abroad as for the applicants from Slovakia.

Foreign students who study in a foreign language (i.e. not Slovak), pay the tuition fee as stated in § 92 Subsection 8 (Higher Education Act). The tuition fee is specified by the UNIZA directive for the respective academic year, which can be found on the university website.

Students from abroad who study in Slovak language do not have to pay the tuition fee. The applicants from the Czech Republic who want to apply and study in Žilina can use the application form available in the Czech Republic. The applicants who do not actively speak Slovak or Czech are required to attend the language training. (It is possible to attend the Slovak for Foreigners courses at UNIZA.).

For foreign applicants who were accepted on the basis of international agreements or Slovak government grants, terms and conditions stated in respective agreements are applicable.

HOW TO APPLY

Application forms are to be submitted for individual study programmes.

In case the applicant is interested in more study programmes, it is necessary to apply for each one individually, including payment of the respective admission procedure fees.

Applicants have to fill in the form *Prihláška na vysokoškolské štúdium - 2. Stupeň* or they can also use an electronic application form that can be found on the university website: <https://vzdelavanie.uniza.sk/prijimacky/index.php> or on the education portal: <https://prihlaskavs.sk/sk/>.

Even in case of electronic application form, it is required to print it, sign it, enclose other required documents including the proof of payment of the fee and send it to the address FBI UNIZA, Ul. 1. mája 32, 010 26 Žilina within the stipulated deadlines.

Incomplete study application or application sent after the deadline will not be accepted.

In the absence of or failure of entrance exams, the faculty does not refund the admission fee.

If an applicant wants to take part in entrance exams at more faculties of UNIZA, the application forms have to be sent separately to each faculty and the respective admission procedure fees paid separately to each faculty.

Enclosures for the master's degree programs (to be sent with application forms):

- Curriculum Vitae,
- proof of payment of the admission fee,

- copy of a diploma,
- information on the results of the previous studies.

GRADUATE PROSPECTS

MASTER 'S STUDY PROGRAMMES

SECURITY MANAGEMENT

(Field of study 8.3.1 Protection of Persons and Property)

The study programme prepares experts in the field of people and property protection with specific focus on security risks. They are able to design and operate integrated electronic security systems. The graduates received instruction in economics and related technical and social sciences and are able to apply this knowledge in the field of security management.

SECURITY AND PROTECTION OF CRITICAL INFRASTRUCTURE

(Field of study 8.3.7 Civil Security)

The study programme prepares experts in the field of security and protection of critical infrastructure, with specific focus on energetics, transport and essential fundamentals in the field of information and communication technologies. The graduates are able to design and implement preventive actions, monitor and analyse development of risk-bearing and crisis factors and to prepare an adequate response to the crisis phenomena. They can also manage continuity of operation of critical infrastructure and effectively renew systems in the ex post phase.

CRISIS MANAGEMENT

(Field of study 8.3.7 Civil Security)

The study programme prepares experts in the field of crisis management for public administration and business companies. They are able to assess possible risks, monitor them, prepare emergency planning, and manage crises. The graduates received instruction in economics and related technical and social sciences. They are employable in national and civil defence, public order protection and other fields.

RESCUE SERVICES

(Field of study 8.3.6 Rescue Services)

The study programme prepares experts able to perform preventive, administrative, rescue and relief activities in the field of fire prevention measures and state fire supervision. They are employable in state administration, manufacturing and business companies as well as in fire and rescue units.
