Thank you for your support in 2020. Nominate now for The Breakthroughs of the Year 2021!

25.03.2021

Dear Prof. Ing. Jozef Jandačka,

One key take-away for 2020 is that a mask can bring us one important step closer to the end of this pandemic. Another key take-away for 2020 is that science can solve the most difficult challenges we face in society.

With your help, we managed to shine a light in 2020 on those that dedicate themselves to scientific advancement. Thanks to you and countless other valued partners, we received nearly 1000 nominations from over 100 countries.

2021 will be a year of merging the new and old. While we invite you, to nominate your most impressive research project in ten categories such as the Life Sciences and Future Learning, we also request you to save the date for 7-9 November, as we bring back the Falling Walls Conference with an additional full day of debates and encounters. Please submit your nomination latest by 15 June 2021 at www.falling-walls.com/breakthroughyear/nominate.

For more information please visit www.falling-walls.com or reach out to us at nominate@falling-walls.com.

We look forward to your nominations and hopefully to your participation in Berlin this coming November.

Kind regards,

Jürgen Mlynek

Board of Trustees

Prof. Jürgen Mlynek,
(Chairman), Former President,
Helmholtz
Association

Prof. Andreas Barner, Presi-
dent, Stifterverband für die
Deutsche Wissenschaft
