academic title.

(4) The authenticity of signatures and the school's stamp on the original documents mentioned in the paragraph 1 must be certified by a relevant body of a state competent for its certification or by a notary in the relevant state with a stamp of the Embassy of the Slovak Republic in this state, unless international agreement provides otherwise.

Before submitting your application, please pay attention to the list of accredited study programmes at the University of Žilina. The list of study programmes can be found at www.uniza.sk. The University of Žilina can decide on recognizing of the document only if the completed study programme (field of study) is the same or related to those study programmes that are carried out by the University of Žilina.

If the University of Žilina does not carry out the study in the same or related study programme (field of study), the list of accredited study programmes at higher education institutions/universities in the Slovak Republic managed by the Ministry of Education, Science, Research and Sport of the Slovak Republic can help you to find a suitable higher education institution/university in the Slovak Republic.

Agreement between the Slovak Republic and the Czech Republic on mutual recognition of equivalence of documents on education issued in the Slovak Republic and the Czech Republic came into force on March 28, 2015. Graduate from Czech university will not have to officially verify acquired education, each document will be automatically valid (except for the recognition for the purposes of performing regulated professions).

The registration of an academic title into an identity card shall be simplified. A graduate can register his/her gained title into an identity card without the need of a confirmed diploma. He/she can do it at the police.

Moreover, there is no necessity for the recognition of education in order to perform unregulated professions. These are, for example, economists, IT workers and others who do not have a statutory qualification requirement to perform a profession. Detailed information is available on the website of the Ministry of Education, Science, Research and Sport of the Slovak Republic.

If the document comes from a state with which the Slovak Republic has concluded a bilateral agreement, a higher education institution/university shall recognize the document automatically in accordance with paragraph 39 of the Act (i.e., without passing the differential exams or completing a final thesis).

The University of Žilina shall decide upon **recognition of documents on education automatically** when the documents were issued by a recognized educational institution in the European Union member state, in a state of the European Area of Higher Education, or in the third country with which the Slovak Republic is bound by an international agreement on mutual recognition of equivalence of documents on education - (*Albania, Andorra, Armenia, Austria, Azerbaijan, Kingdom of Belgium, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Georgia, Germany, Greece, Holy See, Hungary, Iceland, Ireland, Italy, Kazakhstan, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, Norway, Poland, Portugal, Romania, Russian Federation, Serbia, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Macedonia, Turkey, Ukraine, The United Kingdom and Belarus*).
